

Wood Finishing & Repair Workshops

Gemini Industries Inc.

Gemini Industries invites you to learn proper application techniques from the experts as they relate to wood finishing and furniture repair. These Gemini classes are hands-on training for all types of touch-up and wood repair. By attending their class, you receive \$100 worth of touch-up material, according to the company. Classes are added regularly to this schedule.

Cyclonic Shop Vacuum

Oneida Air Systems Inc.

Oneida Air Systems has designed the Gorilla Vac as a powerful portable cyclonic shop vacuum that eliminates clogging. Its cyclone separates 98% of the material before the filters, while the cyclonic pre-separation eliminates clogging and loss of suction. The Gorilla Vac offers dual 110-V motors, a paper pre-filter, and a HEPA media final filter. Waste is collected into an easy-to-remove plastic-bag drum liner. The Gorilla Vac can be ordered with either a 35- or 55-gallon waste container.

Polyurethane Glue

Sticky Ass Glue LLC

Sticky Ass Glue is strong polyurethane glue designed to securely bond dozens of materials used in construction, building, remodeling, and other projects. According to the company, peel and shear tests have shown that Sticky Ass Glue is one of the strongest moisture cure adhesives on the market. It is 100% waterproof, made in the U.S.A, and suitable for home projects, woodworking, repairing, and more.

Air Motion™

PORTABLE EXHAUST SYSTEM

Uses: Effectively cools and ventilates confined areas. It can be used for the extraction of polluted air and fumes from work areas, aeration of workshops, extraction of dusty air or anywhere a large amount of air movement is required at low cost.

RENOVATIONS PAINTING SANDING

RESTORATIONS DRYING APPLICATIONS SMOKE VENTILATION

Features:

- Free flow 2200 CFM / With filter 1100 CFM
- Standard slider panel attachments for tight seal
- Incorporates the Paint Pockets® filter media
- Non skid rubber foot pads protect hard surfaces
- Lock in window securely
- High Capacity non-sparking motor / 110 volt requirement
- Easy installation and setup
- Hose Kit accessories optional for hard to reach areas

Benefits:

- Healthier working environment
- Improved job quality due to cleaner environment
- Improves drying time of coatings
- Simplicity of maintenance
- Quick change time on optional accessories
- Durable heavy duty steel construction
